

All Saints Church – report to Parish Council 10 March 2019

- Continue to hold two Services a month and additional services for special occasions. We are hoping to provide more activities for children following the craft session in December and the upcoming Mothering Sunday.
- Legacy received from a past resident of the village for the Church building will help us to move forward with our wish of installing a toilet and servery thereby making the building more useable for other events. Although fund raising/grant applications will still be necessary.
- We continue to pay our way but this would not be possible without fundraising activities.

Alex Corderey
Church Warden
