

## VILLAGE HALL REPORT 2018

The Village Hall continues to be very well used by a variety of groups from within the community and surrounding area.

After a hinge failure we have replaced the plastic fire door from the kitchen with a solid oak door to match the front door as part of our ongoing maintenance.

Following a year of free internet use from Gigaclear, it was decided as the way forward, to pay to continue with this service to offer as part of the Hall hire.

After the good bits there is always a bad bit, unfortunately due to work commitments Polly has offered her resignation from her role as Secretary/Booking co-ordinator. This is the most important role to the success and survival of the Hall, so I ask all present, is there anyone who would be willing to take over from Polly or failing that could we all spread the word of the vacancy and encourage someone to step forward.

Robert Jeacock

Village Hall Chairman 2018
