

## FOOTPATH AND TREE WARDEN'S REPORT March 2019

- I've walked all the footpaths in the parish since Christmas and all are passable (some better than others!)
- I've (with others) cleared the green lane from the top of Newlands Street up to Oxendon Road and chased up the hunt to get Newlands Street bridge repaired
- Please report to me as soon as you are aware that a footpath/bridleway has a problem so that they never get as bad as the above again.
- I have looked at all the trees with TPO's and am trying to get Kettering Borough Council's list to agree with ours as it is very out of date.
