Dear Neighbour

IMPROVEMENT WORK – Midland Main Line Electrification Programme

I am writing to inform you that Network Rail will be undertaking essential works on the railway near to your property. As part of our plans to electrify the line a compound is being set up to provide storage and welfare facilities for the team who will be working on the electrified line at **Braybrooke**.

To facilitate this installation, preparation works will involve removing debris, re-surfacing works, drainage work, de-vegetation works and fencing improvements.

To undertake this work we will use a variety of equipment that can include a strimmer, chainsaws, flail machines, chipping machines and handsaws.

The equipment we use means some disturbance is unavoidable, but we will make every effort to minimise any unnecessary noise. Furthermore, those working on site are briefed on working responsibly in the local community.

We will also be conducting excavation, levelling and compacting works on the ground to enable us to build a power and distribution site in the future.

Work will be undertaken from Monday to Friday during the day, but we will also be working at night and during weekends when trains are not running, to make sure our people can work safely and minimise disruption to train services on the following dates and times:

Date	Time
25 September – 29 September	07:30 – 17:00
02 October – 06 October	07:30 – 17:00
09 October – 13 October	07:30 – 17:00
16 October – 20 October	07:30 – 17:00
23 October – 27 October	07:30 – 17:00
30 October – 03 November	07:30 – 17:00

I hope this information is helpful and we apologise in advance for any inconvenience these essential works may cause. However, if you have any additional questions or concerns, please visit www.networkrail.co.uk or telephone our **24-Hour National Helpline on 03457 11 41 41**.

Yours faithfully

Denise Thompson Community Relations Manager
