

**Neighbourhood Watch Report, Braybrooke Parish Council Meeting,  
March 10<sup>th</sup> 2019.**

- The Neighbourhood Watch Scheme aims to build a stronger, safer and better community thus reducing the risk of crime in the area. All villagers are invited to become members of Braybrooke NHW.
- Full NHW members receive reports of crime in the area (Northants) and advice about recent scams and home and vehicle safety. In the last year incidents of break-ins to outbuildings and vehicles have been reported in the village.
- The future aims of Braybrooke NHW are to improve communications to villagers and to encourage greater membership of the scheme. It is also hoped that we can work together to reduce feelings of isolation or vulnerability in members of the village.
